Focus op Inkoop Specialisten: www.topbuyers.nl

Senior Outsourcer

Our Principal Our principal is specialized in the lollipop, confectionery and sugar cube industry. The company is primarily known as a world-leading supplier of preparation, marinating, further processing and packaging solutions for the meat, poultry, fish, seafood, cheese and confectionery industries.

They are specialized in performance-focused solutions for the food industry, from a single machine or packaging material to a complete production line for the preparation, marination, processing, slicing and packaging of primarily meat, poultry, fish, seafood and cheese based products. They offers Lifecycle Performance, supporting the performance of food processors here and now and in the longer term. Operational challenges such as variety and flexibility, cost per kg / pack, food safety and environment, are the basis of the product and packaging innovation for improving output and reducing operating cost of food processors.

- Manage daily on functional base the team.
- Ensure that the factory has enough material to cover its demand.
- Responsible for timely and correct order release to suppliers Based on capacity and ERP data identify the need of subcontracting.
