TeleflexGFI Europe BV is a division of Teleflex Inc., the number 1 supplier of alternative fuel systems and components for OEM and "aftermarket" customers world-wide.

TeleflexGFI Europe BV is a combination of the former AG Autogas Systems and Necam, situated in Gorinchem and also in Italy with a production-plant. They offer a clear assortment of products, to meet strict demand performance, quality and emission, together with their sister company TeleflexGFI Canada. That is the reason that products of TeleflexGFI are preferred world-wide by OEM customers for LPG and CNG applications, in the automotive branch as well as in the industry.

The company is currently going through a spectacular growth phase. Also for the near future there are challenging growth scenarios.

The procurement department has two vacancies;

For TeleflexGFI Europe (Gorinchem Netherlands) with we like to get in contact;

Senior Purchaser / Strategic Sourcing Agent (m/v) (3536)

Your challenge

At TeleflexGFI Europe BV, we are busy integrating the original two companies, AG Autogas Systems and Necam, which also results in enormous challenge for the Purchase department. On the one hand there are plans for cost reductions and on the other hand, there is a development towards an integrated purchasing department. The implementation of a new ERP system is a first step forward in this development. In the meantime there is a purchase policy plan which should lead to further improvements:

- To develop and execute cost saving programs,
- To champion key projects on dual source strategies,
- To enlarge the contract database on the supplier side,
- To further develop a clear insight in the commodity structure.
- Day to day challenges to support the purchasing team in a growing market

The Senior Purchaser/Strategic Sourcing Agent is an independent person who has relevant experience with international strategic purchasing within a production company.

We think that a successful candidate will recognize him/herself in the following profile

- A relevant bachelor degree and Nevi 1+2
- Technical affinity
- A minimum of 5 years of strategic purchasing experience
- Excellent communication skills in Dutch and English
- Strong negotiation skills
- Experience with purchasing in Eastern-Europe and/or the Far East is preferred
- Entrepreneur, pro-active, Hands-on
- Knowledge of ERP systems, knowledge of Navision-Axapta is preferred

Senior Planner (m/v) (3537)

Your challenge

In a volatile market such as the market for alternative fuel systems, supply and demand have to be carefully balanced. Availability of end product in combination with delivery lead time of kits are Unique Selling Points for the organization. TeleflexGFI is moving towards a back office structure in which the planning department will be performing a key role.

Your main challenges:

- To fully execute all production orders generated by the MRP system,
- To guide the production orders from sales order to a ready-to-ship status,
- To use your knowledge and experience for further improvements,
- To support the purchasing team by identifying potential bottle necks,

The complete planning department consists of 2 team members.

The profile:

The Senior Planner is a team player, who has relevant experience with multi layered Bills Of Material within a production company.

We think that a successful candidate will recognize him/herself in the following profile:

- A relevant bachelor degree.
- A minimum of 5 years experience in Production Planning
- Excellent communication skills in Dutch and English
- Strong analytical skills.
- Entrepreneur, pro-active, Hands-on
- Knowledge of Navision-Axapta is a preference

TeleflexGFI offers:

A no-nonsense and cooperative atmosphere with a high level of responsibility in a progressive environment. The salary and other employee benefits for this positions are based on the knowledge and experience that the candidates has and also involves stock options and a comprehensive benefits package. Teleflex GFI Europe follows the CAO Metalektro Groot Metaal.
